And More!

## Key Note Speaker

**Robert Cekada, Executive Assistant Director, Operations, ATF**

You are in luck! This is the golden age for DNA testing. There is endless technology to solve your current cases and to go back to your cold cases. Speakers with backgrounds across law enforcement at the local, state, and federal level will talk about their experiences utilizing various DNA technologies with real case examples.

## Topics

### Hot Cases

- DNA technology you can apply to solve your cases faster.
- You will hear how DNA testing is a part of the law enforcement culture to solve all high volume crime like homicides and shootings in 6 weeks or less dramatically increasing case clearance rates!
- How DNA testing saves communities millions of dollars and prevents future crimes.
- DNA in the courtroom - defense attorney tactics and secondary transfer.

### Cold Cases

- No CODIS Hit? Genealogy can be used on current and cold cases.
  - We will cover Genealogy 101 and walk you through cases that have been solved with this new technique.
- Cold Case Panel - Best practices in law enforcement.
- A laboratory tour at DNA Labs International gives you a hands-on look into the latest forensic tools and instruments.
